Why this project is innovative?

- Unemployed youth will benefit from e-learning platforms to be created for digital entrepreneurship initiative and "NEWDIGISHIP touchpoint" support tools and mechanisms to be created locally. It'll empower unemployed youth for digital entrepreneurship startups by developing an innovative and up-to-date handbook as well as an online course.
- It will offer an innovative educational NEWDIGISHIP (online with the web platform and face-to-face with the "NEWDIGISHIP touchpoint") course to prepare young people on how to use digital entrepreneurship by offering job creation opportunities for their peers.
- The "NEWDIGISHIP touchpoint", which the project will create and pilot, will produce a large number of entrepreneurial social action activities.

TARGET

NEWDIGISHIP will target young people aged 18-28, with a particular focus on low-income households, women, and youth with fewer opportunities

OBJECTIVES

One of the goals we want to achieve is to guide young people as the digital entrepreneurs of the future to be more intrusive individuals in societies.

In addition:

Youth; to be able to:

- Create employment opportunities using ICT technologies.
- Improve thinking skills (critical thinking, problem solving, creative thinking, etc.)
- Acquire multi-tasking and flexibility skills (self-confidence, leader)
- Promote collaborative learning and teamwork skills
- Provide opportunities for them to develop their language skills.

For institutions;

- Improving the educational outcomes of young people who are at risk of failure due to lack of skills, trust and commitment
- · Raising participatory active citizens
- Being a model institution for the opportunities of the digital world and the use of digital tools
- Increasing the institutional capacity with transnational cooperation
- Improving entrepreneurial education and training among young people
